

The dYdX Community Treasury holds 80.5M vested \$DYDX and 19.4M vested \$stDYDX, while the Community Vester holds 129.7M unvested \$DYDX that vest to the Community Treasury at a rate of ~2.04 \$DYDX/second until August 3, 2026. Consequently, the dYdX Foundation is releasing this blog post to initiate a dialogue on the present and future trajectory of the dYdX DAO's treasury, for the dYdX community to consider the formation of a Treasury subDAO as a potential additional key step for the success of the dYdX DAO, and to potentially kick-off a request for proposals (RFP) process.
