2021-Q4 Validator Survey Report

I. Introduction The Secret Network Governance Committee exists to promote transparent collaboration within the network and provide neutral discussions on proposals, voting, and governance issues. We work closely together with validators and other...

The current aim is to send out these surveys during the second month of each quarter, with the report made public in the beginning of the following month. The results from these surveys will be used to form the agendas of Governance Calls and potential signaling proposals. This first survey will result in a 'Community Curated Bounty List (CCBL)' signaling proposal and at least one 'Secret Network Charter' signaling proposal.

Any feedback is welcome and can be shared here.

Best,

Mook
