

Hi all,

We're excited to restart our weekly coverage of Uniswap governance. Like with [our previous updates](#), our goal is to condense everything tokenholders and delegates need to know about Uniswap governance - recent and upcoming proposals, hot topics on Discourse and Discord, events, and more - into an easy-to-read weekly summary.

We'll be publishing these summaries here in this thread as well as on our new Paragraph feed. If you'd like to receive the Uniswap Weekly Update directly in your email's inbox, subscribe here and check the box for "Uniswap Weekly Update": <https://updates.boardroom.io/>

Feedback? Suggestions? Want to talk about DAO governance? You can reach us on Discord ([Boardroom](#)), Twitter (https://twitter.com/boardroom_info), or here in the forum at any time!
