PROPOSAL DESCRIPTION:

Summary:

Octav proposes to provide monthly treasury reconciliation and reporting services for ApeCoin DAO, offering detailed transparency reports that include key performance indicators (KPIs), wallet positions, and protocol deposits. The service aims to enhance stakeholder awareness and transparency over ApeCoin DAO's treasury and financials.

Specification & Implementation:

Octav will deliver 12 monthly treasury holdings breakdown reports for ApeCoin DAO, each analysing key metrics and fundamental treasury data. The reports will cover:

- Key Metrics Report:

Total funds, wallet positions, protocol positions, total funds by category, and total funds by network.

- Wallet Positions Report:

Detailed breakdown of all tokens in treasury wallets, including balance, value, percentage, and network.

- Protocol Positions Report:

Detailed breakdown of protocol deposits, including staked amount, yield, protocol, balance, and value.

- PDF and CSV:

The treasury reports will be shared as both a PDF and CSV and can be imported to other dapps/treasury tracking software to enhance compliance.

BENEFIT TO APECOIN ECOSYSTEM:

Motivation:

This initiative addresses the need for enhanced transparency and accountability within ApeCoin DAO. By providing regular, data-centric reports and the ability to view any transaction performed by the treasury, we aim to keep the community informed about the financial health and strategic decisions of the DAO.

STEPS TO IMPLEMENT:

Onboarding:

The ApeCoin DAO treasury wallets are already integrated with Octav, and the first report is set to be generated on the 1st of the next month upon passing. Octav will collaborate with the ApeCoin DAO team monthly to gather feedback and continuously improve the platform's transparency features.

Step 1:

Pass Prop

Step 2:

Collect Payment

Step 3:

Grant the team access and buildout their account

Step 4:

Reconcile and generate reports

REPORTING EXPECTATIONS:

12 monthly breakdown reports for 77 addresses. Live Octav dashboard for community viewership from day 1. On going customer support to ensure the best experience for the DAO team and community.

OVERALL COST:

"Total amount requested from the ApeCoin Ecosystem Fund = \$8000."

Initial Pricing Offer:

The service is priced at \$8,000 for a 1-year subscription, covering 77 treasury wallets and 12 monthly breakdown reports. Payment will be made in USDC to an address specified by the Octav team following approval.
