

Hello Lido Community!

My name is [Ryan](#) and I work as a Governance Analyst at [Messari](#). We're excited to announce that we recently added coverage for Lido Governance on our Governor product! Messari Governor tracks and summarizes [discussions and proposals](#) across forums, Snapshot, and on-chain governance. Users also have the ability to vote directly within Governor!

We also added a governance profile detailing Lido's governance [structure](#) and [process](#).

If you would like to add or update any information in your governance profile, please feel free to suggest edits. Any feedback is welcomed, and we would love to know how you use Messari Governor.

Also, we would be happy to demo the product to the Lido team or broader community to highlight how it can be valuable and chat about other governance services we can provide (ex: [Optimism analysis](#)).

We hope the Lido community enjoys using Governor!
