

Hackathon Success Guide

LayerZero is excited to sponsor a series of prominent hackathons around the globe. This guide is your roadmap to navigating these events successfully.

Let's dive into a year of learning, building, and connecting with the blockchain community, supported by the unique capabilities of LayerZero's omnichain message passing.

LayerZero's Prize Offerings

At select ETHGlobal Hackathons, LayerZero offers up to 10,000 USD in prizes:

- Best Use of LayerZero:
 - 3,000 USD for the project best utilizing LayerZero's omnichain tech-stack.
- Best Use of IzCompose:
 - 3,000 USD for applications that innovatively use IzCompose for composed calls in LayerZero V2.
- Best Use of OFT:
 - 2,000 USD for outstanding implementations of the OFT standard.
- Best Use of OApp:
 - 2,000 USD for creative implementations of the OApp standard. [Edit this page](#)
