

The JokeDAO contest to source the best grants framework ideas is live through 5/20!

Vote here: [jokerace ★ contests for communities to make, execute, and reward decisions](#)

What does this vote mean?

This vote is not a vote to send funds. It is essentially “heatmapping” what the DAO thinks is very important. I will be putting together a proposal with a few others to fund a few of these best ideas, but that will be separate from this contest!

What is next?

Last week, I was out of office at MetaCamp hosted by MetaCartel in Costa Rica. There we shared ideas around this topic which I am writing up to share with this community. We had hours of workshops with some top minds in the space.

The JokeDAO contest ends on 5/20. I hope to have a proposal ready to fund multiple of the ideas sourced via the contest. I'm discussing opportunities with multiple potential partners and look forward to sharing soon.

Ok. What do I need to do today?

If you are a top 100 delegate, head to the JokeDAO page to vote!
