GRANT OBJECTIVES AND EXECUTION

Objectives:

- Integrate GMX V2 into the bot.
- Launch campaigns to incentivize users, such as trading competitions, deposit bonuses, etc.
- Increase the TVL on GMX V2
- Expanding the team

Key Performance Indicators (KPIs):

- MAU: 500

- Monthly \$ Volume: \$500k

How will receiving a grant enable you to foster growth or innovation within the GMX ecosystem?:

BG Bot provides users with a secure way to interact onchain via WhatsApp. Our approach provides users with a unique experience, and to the best of our knowledge, no other existing easy-to-use DeFi solution exists today.

If approved, this grant would push out some of the features we've outlined above and in the long run benefit the entire GMX ecosystem as we onboard more users.

Execution Strategy:

Grant Timeline & Milestones:

Total timeline: 4 months

1. Full GMX V2 integration + Security Audit- 45,000 \$ARB
2. Developing Community Incentives Programs and implementation of marketing initiatives- 30,000 \$ARB

Fund Streaming:

45,000 \$ARB Upfront distribution to allow proper execution of milestone 1, subsequent distributions preferably after completion of milestones.
