

Partnering with a Series D Fintech to Lend to Web2 Companies in the Philippines:

PROPOSAL CATEGORY:

There are four different categories to choose from:

1. Choose Brand Decision

for proposals that the DAO attaches its name to, including projects and collaborations.

1. Choose Ecosystem Fund Allocation

for proposals about how the Ecosystem Fund should be spent.

1. Choose Informational

for proposals that suggest changes to the guidelines or that provide information to the ApeCoin community.

1. Choose Process

for proposals about making changes to any of the ApeCoin DAO decision-making processes. This covers everything from submitting an AIP to the voting process, to the tools and platforms used.

TEAM DESCRIPTION:

I head the PH lending business for the said Series D Fintech. We would basically leverage on the firm's resources to deploy the funds borrowed from Apecoin DAO.

ABSTRACT:

Please see the attached slides.

BENEFIT TO APECOIN ECOSYSTEM:

10-12% in returns with credit level risk.

Opportunity to build brand by partnering with an established fintech.

KEY TERMS:

Loan for 10-12% per annum for 2-3 years. Detailed information in the attached slides.

PLATFORMS & TECHNOLOGIES:

N/A

STEPS TO IMPLEMENT & TIMELINE:

Apecoin DAO to provide feedback; if interested, we'd sign an NDA and share more information

Discussion on the commercial terms

Alignment on how to hedge the currency risk

Alignment on security required from Apecoin DAO

OVERALL COST:

For now, the funds that are being requested are to be used for lending, so expense is limited. The expense will be associated to the cost of doing due diligence.
