Our brand new one-click V3 liquidity management strategies will launch soon. Our aim? To simplify and optimize your experience in concentrated liquidity DEXs like UniswapV3 and Camelot.

## The current landscape

it's worth noting the immense scale of liquidity in these pools. UniswapV3 alone boasts a staggering \$3.2 billion in its V3 pools, overshadowing the \$1.3 billion in its V2 pools. However, [V3 pools demand active management to stay profitable

]/(the-ultimate-guide-to-concentrated-liquidity-2f86f1639d56), a challenge many liquidity providers face, [often leading to losses](#). This is where our strategies shine, offering a seamless, automated solution to LP effectively.
