

GM GM!

I'm sharing here an ApeCoin Pattern created by my sister and I. This pattern can be used as a tile (meaning you can stack it next to each other and will look seamless and continuous).

This print looks great as a wallpaper, and can be used to print onto anything physical too! Check out these mockups below...

So far anyone who wants to make some merch but can't really whip up the design skills for it, please do feel free to use this cute pattern! Available in 2 color schemes.  
This was an initiative made from the ApeCoin Builders Grant Design Category!

Hope you all like it. Feedback is welcome!

Cheers,

Shotgun.Tobi
