```

```
Install Widget
```

```
Easy installation to go multi-chain Install the widget vianem or yarn.
```

...

Copy npminstall--save@lifi/widget

or

Copy yarnadd@lifi/widget

٠.,

Compatibility

List of environments we've tested the widget with so far:

```
React 18
Vue 3 (Example
)
Svelte (Example
)
Create React App 4/5 (Example
)
Vite (Example
)
Next.js (Next.js Compatibility
,example
)
```

Gatsby (Example

See the compatibility pages for more information.

Check out our complete examples in thevidget repository or file an issue if you have any incompatibilities.

Basic example

Here is an example of a basic app usingLI.FI Widget .

Theintegrator option is required and should contain the identifier of the integrator of the widget. Usually, it's your dApp/company name. ```

Copy import{ LiFiWidget, WidgetConfig } from '@lifi/widget';

```
constwidgetConfig: WidgetConfig= \{ containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ exportconstWidgetPage=()=> \{ return(); \}; \\ (border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: \{ border: '1px solid rgb(234, 234, 234)', borderRadius: '16px', \}, \}; \\ (containerStyle: \{ border: \{ b
