As the months progress, the amount of reports I've generated continue to increase. In an effort to organize them, I've decided to create one mega-thread to include them all in one central location. Be sure to check back each week as I'll continue to add to this list.

Transparency Reports

You can use [this thread](#) to find previously published weekly Transparency Reports on AIP statuses. Now that we have four working groups approved by the DAO, I have adjusted the cadence of this report to monthly and will be including many more details relating to OKRs and Milestones of each working group. The first of these new reports will be coming at the end of February 2024.
