Hi guys,My AAVE happened to be stolen! I need a help, my 4500X AAVE STK was transferred by someone in the mining pool

I can't understand how he did it, he also transferred my 0.2ETH at the time of the pass , but in the AAVE mining pool , he needs 10 days to unlock the mining, I only added AAVE ICO in 2017. This is my debank wallet history

I hope the community team can freeze the transaction funds. Now there is a 10 day cooling time or the community votes. I can provide any evidence. If I c…

I hope everyone understands my feelings and what happened to me, I am one of AAVE's eternal supporters.

Here is the address of the stranger hacker:

The real Web3-native messenger and the best web3 portfolio tracker that covers all your tokens, DeFi protocols, NFTs across all EVM chains.

He applied for cooldown on Aug-14-2022 07:21:32 AM +UTC, which is illegally approved!

The community has ten days to vote to ban him early, I hope AAVE can help me for the prosperity and stability of the community
