Hi everyone

Given current conditions, I'm reducing the ask by 20% for the next quarter.

The number of validators will be cut to 7.

And instead of an hourly rate, support and maintenance is minimal atm, I'll request $600/month.

I am fully committed for any support, maintenance, etc, that may arise during the quarter.

Kind thanks for your support.

Edit: Here's the full charter doc, sorry I forgot to include the link.
