This proposal is for the on-chain funding of the Support Team for the period of March 1st, 2024

to May 31, 2024.

The Secret Network Support Team is responsible for providing timely and effective support

to users on the network through all available communication channels. This includes

addressing technical issues, moderating community channels, and collaborating with

builders, validators, relayers, and the Core Team to improve the overall user experience.

Target Deliverables for this Funding Period

- Be at the front-row supporting users in their ecosystem exploration with IBC, the depreciation of the old eth bridge and assets and anything else users may have trouble with

- Provide timely and effective support to users on the Secret Network through all

available communication channels (Secret Network Discord, Secret Community

Telegram, and Secret Forums)

- Moderate community channels (Telegram, Discord) to ensure a positive and

helpful environment for all users

- Collaborate with builders, validators, relayers, and the Core Team to identify common user issues and improve the overall user experience
