Proposal Name:

$APE for Bored Ape Yacht Club Discord 'Club Mods'

Proposal Category:

Ecosystem Fund Allocation

Abstract | Two or three sentences that summarize the proposal.

The Bored Ape Yacht Club discord is the hub for the community. Mods are currently unpaid, while giving so much to the ecosystem. It is only right that we, as a DAO, work together to fund the mods.

Author Description (mandatory if the AIP is requesting funds) | A brief background of yourself

My name is Camol - I own multiple Ape Coins and am the Partnership/Marketing Lead at Sappy Seals.

Team Description (mandatory if the AIP is requesting funds) | A brief background of your team involved, if any

The team is all Bored Ape Yacht Club discord members with the 'Club Mod' role.

Motivation | A statement on why the APE Community should implement the proposal.

The mods of the discord work EVERY DAY for FREE. The value they provide is paramount for the success of the yacht club, including the DAO. Asking them to work for free, when we can use our DAO to show our appreciation is very wrong. Let's do something good for those who have done so much to us. This aip is for 6 months, and after that it is expected an ape will resubmit this as it is irresponsible and unappreciative to not pay the bayc mods.

Rationale | An explanation of how the proposal aligns with the APE Community's mission and guiding values.

Will give financial backing to volunteer workers who dedicate countless hours to the Yacht Club and the DAO.

Specifications | A detailed breakdown of the platforms and technologies that will be used.

The DAO will distribute payments monthly to all club mods.

Steps to Implement | The steps to implement the proposal, including associated costs, manpower, and other resources for each step where applicable.

1. Vote passes

2. All mods payment wallets are identified

3. Payments are sent on a monthly basis using $APE

Timeline | Relevant timing details, including but not limited to start date, milestones, and completion dates.

Will be implemented immediately after approval.

Overall Cost | The total cost to implement the proposal.

$2500/m per mod
