V2 Launch Event

Check our official Medium article for updates!

We will be hosting a series of events to celebrate the launch of Velocore V2 on Linea!

The event schedule may change depending on Linea's bridge announcement schedule. Currently, through the official technical support provided by the Linea foundation, ERC-20 assets can be bridged to Linea. Available bridge providers will soon be announced officially by Linea, and Velocore is one of them.

If there are any changes, we will be sure to announce them again on our Twitter and Discord communities.

PFP & Ticket Airdrop Event

PFP and Tickets displayed on the Passport system, which shows your numerical share of the future airdrop. We will airdrop NFTs to those who meet certain conditions.

There are two types of NFTs offered at this airdrop event: VCGS PFP and VCGS Ticket. The PFP is a permanent NFT that can be attached to the Velocore Passport and used like a real PFP. The Ticket is a NFT with utilities that can be used to boost your Velocore score. The specific benefits of each NFT will be gradually revealed as the Velocore ecosystem evolves. Both NFTs are tradeable.

Each PFP and ticket share a pool of 250,000 LVC tokens , which will be evenly distributed among the eligible recipients.

- Campaign period:
- August 11, 03:00 UTC—Until the end of the presale
- How to participate:
- Meet the conditions to obtain each NFT during the campaign period
- Reward claim:
- From one week after the end of the presale, with linear vesting of 2 months
