Namada Testnets

For more context read:

[Announcing Namada Public Testnets(opens in a new tab)](#)

Shielded expedition

ð· For the shielded expedition, it is important to remember to add the--memo flag to every transaction. The memo should be filled with thetpknam submitted at the shielded-expedition registration period. For examplenamadac transfer --source me --target you --amount 10 --token naan --signing-keys my-key --memo tpknamq1337mypubkey1964qqqqqq ð¡ As of versionv0.31.8 you must specify--node http://127.0.0.1:26657 when runningnamadac commands. This is a temporary bug until thenamadac client is updated. Thebalances.toml file is located athttps://github.com/anoma/namada-shielded-expedition .

- Namada Shielded expedition 2:* From date: 6th of February 2024 18:00 UTC
-
    - Namada protocol version:v0.31.9
-
    - Cometbft version:0.37.2
-
    - CHAIN_ID:shielded-expedition.88f17d1d14

The history of all testnets can be found[here](#) .

Namada protocol versions

A testnet might deploy different versions of the Namada protocol. To see in-detail what each protocol version includes, refer to the[GitHub changelog(opens in a new tab)](#) , which specifies what changes have been made in between versions.

Report a bug

If you find a bug, please submit an issue with thebug[issue template(opens in a new tab)](#) .

How to join a Namada testnet

1. [Environment setup](#)
2. [Pre-genesis instructions](#)
3. [Pre-genesis validator setup](#)
4. [Pre-genesis validator apply](#)
5. [Running your genesis validator](#)
6. [Running a full node](#)
7. [Becoming a validator post-genesis](#)

Testnet flowchart

The Namada public testnet is permissionless, anyone can join without the authorisation of a centralized party. Expect frequent upgrades (every two weeks).

Block explorer

The block explorer is currently in development. The latest version can be found at[namada.world(opens in a new tab)](#)

Community

For questions or feedback, please use[GitHub(opens in a new tab)](#) or[Discord(opens in a new tab)](#) . Don't forget to[follow Namada(opens in a new tab)](#) on Twitter for fun memes and testnet relevant updates.
