Proposal Description:

The goal of this AIP is to have an ApeCoin DAO (ApeCoin and ApeChain) presence at NFT Paris, the largest web3 event worldwide with 18,000 visitors. The 4th edition will take place on February 13th-14th 2025 and is particularly strong on Art, Brands (both web2 and web3) and Gaming (sponsored by Yuga, Ubisoft, Animoca Brands in 2024). The conference is also expanding with a new venue 50% bigger, increasing the capacity to host more than 20,000 attendees and 3 additional events: RWA Paris (Finance), Ordinals Paris, XYZ Paris (AI, Depin).

A 6x6m main booth close to the entrance with high traffic will be focused on showcasing ApeChain and ApeCoin. It will be conceptualized and shared with the community for feedback.

An island of 8 1x1m booths next to the main booth will feature creators from the ApeCoin Creators Assembly and initiatives from the ApeCoin Working Groups. Depending on the number of creators interested it would either be the same 8 creators for 2 days or 16 creators in total, 8 per day (see Package section for details).

Alongside the booths, a special 10 minutes keynote and a 30 minutes panel will be organized on the Main Stagel. Speakers and content will be curated and shared with the community closer to the event. The sponsoring will also include tickets and a VIP cocktail reception at the venue.
