Light the Web3 Fire in our Future Builders & Changemakers through exciting experiences they will remember and takeaways that excite them and providing them with a curriculum to become Web3 literate, earning a certification that allows for a greater earning potential and job opportunities as blockchain is integrated more and more in our daily lives.

Launch a Web3 Tour, that will SPARK interest in Web3 Career paths through a VR/AR experience; panel discussions, a short video introduction pertaining to Web3 with a live DJ, Giveaways and food.

During the tour, students will be able to register for the Web3 Educational program where they will be able to earn APEcoin. After successful completion of each module the student would have earned APEcoin; At the completion of the Web3 Educational Program students would have launched their own Token and Dapps, earned their General Web3 certification and APEcoin.

The goal is to Educate and onboard the upcoming generations while expanding the APEcoin ecosystem and cultivating our future builders and changemakers.

Here is an Article on an event we did for some beta testing of the activation styles listed above. We will be facilitating two more over the next few months for more data/information pertaining to what seems to work well and what is cost efficient.

A day of Web3 Event we facilitated for High School Students in Los Angeles County March 15th! <3
