Secret Network v1.5

The Secret Network v1.5 update did not introduce any breaking changes for developers, other than some bug fixes described below;

- Fix secret message parsing when a message is plaintext in IBC ([#1199](#)
-)
- Update Cosmos SDK 0.45.9 -> 0.45.10 & Tendermint 0.34.21 -> 0.34.22 [#1230](#)
-)
- Update IBC 3.3.0 -> 3.3.1 ([#1237](#)
-)
- Fix nested attributes signatures ([#1241](#)
-)
- Fix some protobuf type names ([256d9b2](#)
-)
-

For more details on this upgrade, check the [official release](#) .
