WalletConnect V2 upgrade path

26th June 2023

WalletConnect V1 is likely to sunset on Wednesday, June 28.

In order to make sure your upgrade to [WalletConnect V2](#) goes smoothly, please:

1. Pull SDK v17.13+ as soon as you can.
2. Sign up on the [WalletConnect Dashboard](#)
3. , and get a project ID (wasn't required in V1).
4. Go to your Dynamic dashboard, click [configuration](#)
5. , and enable wc v2 (add your project ID).
6. Test your app in sandbox and move to production before the deadline (June 28).

We've spotted a couple of minor issues and are fixing at the time of writing (we will continue to update this doc if needed), but if you catch anything else, please ping us in our [Slack community channel](#) !
