PLEASE NOTE THAT THE CALL WAS ORIGINALLY SCHEDULED FOR WEDNESDAY 24TH OF JULY BUT WAS MOVED TO WEDNESDAY 31ST OF JULY

I'd like to remind all delegates that the 17th Open Governance Call is taking place this coming Wednesday on 31st of July. The call will happen at 2 pm UTC / 11 am EST.

Please mark your calendars (or you can subscribe to the public Arbitrum Governance calendar and always be up to date with our calls).

Be advised that with the introduction of the biweekly calls to discuss ongoing proposals introduced by Cliffton, we have decided to transition the focus of this call to getting status updates by the various ongoing initiatives in the DAO. Eventually, we want to make these calls in the de-facto place where delegates have a chance to oversee what is happening in the DAO and if things are going as they should in all the different initiatives or programs.

Agenda of the updates from different initiatives

1. Arbitrum Foundation Updates by Cliffton

2. Safeguarding Software Developers' Rights by Cliffton

3. Arbitrum Research & Development Collective (ARDC) by Sinkas

4. ArbitrumDAO Procurement Committee (ADPC) by @Immutablelawyer

5. Long Term Incentives Pilot Program (LTIPP) & Double-Down on STIP Successes (STIP-Bridge) by @Matt_StableLab

6. Stable Treasury Endowment Program (STEP) by @thedevanshmehta

10. Front-end interface to force transaction inclusion during sequencer downtime by @WakeUpLabs

11. Pilot Phase: M&A for Arbitrum DAO by @Bernard

12. Catalyze Gaming Ecosystem Growth on Arbitrum (GCP) by @Djinn

13. (NOT CONFIRMED) Experimental Delegates Incentive System by @cattin

If you have something you'd like to bring up during the meeting, please post it in the replies below so we can plan accordingly and update the aforementioned agenda.

The call will take place again on Google Meet: meet.google.com/ouo-uskg-niq on Wednesday, 31.7.2024 at 2 pm UTC / 11 am EST.

We will record the call and publish it later on for a public review, so please keep that in mind
