We recently built a Delegate Dashboard for Arbitrum DAO that displays all the delegates and their activity across Snapshot, onchain voting and forum. The dashboard can be accessed here: https://arbitrum.karmahq.xyz/.

If you are a contributor who would like to see your forum stats along with voting (snapshot and onchain) stats, please link your wallet to your forum handle. Follow the steps below to link your wallet to forum

1. Go to https://arbitrum.karmahq.xyz/ and login using your wallet you use for voting.

2. In your profile, go to "Social Handles" tab and click the button to follow the steps to link your wallet.
