RAY Staking

If you're holding RAY tokens, staking is an easy way to earn additional RAY. How to stake: 1. 1. 2. To 3. stake, first navigate to the 'Staking' tab in the Raydium app.

1. Enter the amount of tokens you wish to stake, then click 'Stake' and then approve the transaction.

2. You should now see the balance of your staked tokens, as well as your pending rewards. If you want to unstake, simply click the '-' button.

That's it! You're now staking on Raydium![Ray Token -Previous RAY Token](.)[Next- Ray Token Acceleraytor](.) Last modified1yr ago
