My proposal involves producing an engaging video aimed at illuminating the features and significance of ApecoinDAO.

As a recent member of the ApecoinDAO community with a passion for video creation and a strong involvement in the Web3 ecosystem, I am utilizing my skills to craft an informative video that introduces ApecoinDAO to a wider audience.

Drawing from my experience in creating videos and my deep engagement in Web3 communities in general, this video aims to raise the profile of ApecoinDAO and attract new participants.

Moreover, when i first joined ApeCoinDAO, it rapidly appeared there were several medias, links, platforms i needed to join but i didn't know where to start.

I felt it would be great to help facilitate access for new comers by presenting all the first steps in one place by answering simple questions .

full video prototype on twitter
