SECTION 1: APPLICANT INFORMATION

Provide personal or organizational details, including applicant name, contact information, and any associated organization. This information ensures proper identification and communication throughout the grant process.

Applicant Name or Alias: Will K

Project Name: Symbiosis

Project Description: Symbiosis is a cross-chain AMM DEX that pools together liquidity from different networks: L1s and L2s, EVM and non-EVM ones. Our know-how: 1-click native assets swaps and powerful API/SDK to enable third-parties (including OKX DEX, OpenOcean and more) to process cross-chain swaps with ease.

Symbiosis currently supports 18 networks for cross-chain and on-chain transactions, including Arbitrum One and Avalanche.

Team Members and Qualifications:

SECTION 2: GRANT INFORMATION

Detail the requested grant size, provide an overview of the budget breakdown, specify the funding and contract addresses, and describe any matching funds if relevant.

Requested Grant Size: 50,000 ARB

Grant Matching: -

Grant Breakdown: GMX grant will be used for:

- Users incentivization / cashback for cross-chain zaps from any supported chain into Arbitrum One GLP Index Composition and GM pools

How it works (example with AAVE):

1. User can select any token across 18 chains that Symbiosis protocol support to enable deposit to AAVE pools

We expect to bring over $150,000,000 of TVL to GMX pools with ARB tokens as a gas refund.

Over the defined period, the grant will be allocated towards creating innovative on-chain campaigns as well as encouraging authentic and engaged users within the ecosystem.

Funding Address: 0xAD1467a69DADb93fAAdBeA1B4E9d03b0D8b4f505

Funding Address Characteristics: The provided address corresponds to a 2/3 Gnosis Multisignature wallet, with its private keys securely safeguarded.

Distribution Contract Address: Will be developed

Before the start of Arbitrum campaigns, we will deploy specific contracts that will be made accessible to the public. Initially, the funds will be held securely within the Symbiosis multisig wallet.

Incentivised Contract Addresses: Will be developed

SECTION 3: GRANT OBJECTIVES AND EXECUTION

Clearly outline the primary objectives of the project and the Key Performance Indicators (KPIs) used to measure success. This helps reviewers understand what the project aims to achieve and how progress will be assessed.

Objectives: We're planning to bring over $150,000,000 of TVL to GMX pools with ARB tokens as a gas refund.

Key Performance Indicators (KPIs): Total transactions to GMX pools, amount of liquidity deposited to GMX pools on Arbitrum.

How will receiving a grant enable you to foster growth or innovation within the GMX ecosystem?: TVL growth, seamless experience to deposit funds to GMX pools

Justification for the size of the grant:

All ARB tokens provided under this grant will be used to stimulate users and eliminate suppliers:

- 50,000 ARB will be used for gas refund/cashback for deposits to GMX pools on Arbitrum. Users will be able to receive

a gas refund after each cross-chain zap liquidity provision

Grant Timeline and Milestones:

1. GMX pools deployment on Symbiosis cross-chain zaps | 1-2 weeks

2. Incentivized contract development | 1-2 weeks

3. Incentivized campaign launch | 1-2 years

Fund Streaming: Yes

SECTION 4: PROTOCOL DETAILS

Provide details about the protocol requirements relevant to the grant. This information ensures that the applicant is aligned with the technical specifications and commitments of the grant.

What date did you build on GMX?: N/A

Protocol Performance: You can check protocol performance here:

Explorer: https://explorer.symbiosis.finance/

Dune Dashboard (only supports 5/18 chains):https://dune.com/symbiosisdash/symbiosisv2

Protocol Roadmap: https://docs.symbiosis.finance/symbiosis-roadmap

Audit History (if any):GitHub - symbiosis-finance/audits

SECTION 5: Data and Reporting

Provide details on how your team is equipped to provide data and reporting on grant distribution.

Is your team prepared to create Dune Spells and/or Dashboards for your incentive program?: Yes

Does your team agree to provide bi-weekly program updates on the GMX Forum thread?: Yes

Does your team acknowledge that failure to comply with any of the above requests can result in the halting of the program's funding stream?: Yes

Please note: Labs and the Grants Committee retain the right to approve, disapprove, or subsequently disqualify any grant from the programs they are administering at their sole discretion.
