AIP Name:

[AIP-144: Establish Moderator Response Time Guideline](#)

Implementation Status:

Complete

Author:

Abstract Summary:

Using current and past proposals as a data set, here is the average length spent in each proposal phase:

AIP Idea: 7 days

AIP Draft: 23.17 days

Live AIP: 6 days

The AIP Idea and Live AIP time ranges are appropriate, but the length of the average AIP Draft phase is suboptimal. There is a good opportunity here to improve upon this process and make it more efficient, allowing the DAO to accomplish more.
