Greetings ApeCoin DAO Community,

We've implemented several updates to enhance your forum experience.

- The maximum number of emojis in both Direct Messages and Topic titles has been increased from 1 to 6, and we've introduced the custom ApeKin emoji pack at the bottom of the emoji list (thanks to @AnnieRawrz for the fun designs).

- To align with Snapshot's limitations, we've adjusted the max Topic title length from 255 characters to 128.

- The editing grace period has been adjusted to five minutes, with a character limit of 100, intended to bring greater transparency to the community by capturing even small edits to Topics. Click the pencil icon in the top right of a post to view these edits.

- The time limit for editing a Topic has been updated to 2 weeks, preventing unannounced changes after the Facilitators' or the Administration's review has commenced or concluded. If you need edits beyond the two-week period, please contact the @Facilitators.

- We've also modified the forum's automatic "unpin" function to allow Topics to remain pinned long-term. You can manually unpin Topics like "Welcome to the ApeCoin DAO" and "AIP Draft Template" by clicking the Pin icon next to the Topic name.

Best regards,

ApeCoin DAO Community Discourse Facilitators
