Official proposal to destroy of stolen LDO tokens of EU licensed DeFi protocol.

Using functions of LDO smart-contract it is possible to destroy and create LDO.

Total amount of LDO to destroy: 11,340

Hacker's wallet address and name of project may be shared only after a destroy. Because hacker can sell LDO. Lido team got this info via e-mail.

All information about wallet, flow of stolen funds have been sent using the official email of DeFi project info@ƶork.

Date and time of e-mail: 17.05.2023 00:38 GMT+2.

We please Lido community to support this case and to back stolen funds to owners. Just imagine yourself as victim of hack. Unfortunately, our industry is full of such cases.

Mission of licensed crypto project - to protect investors.

Thanks.

Waiting for Lido's team feedback.
