Yesterday I got help from Amplify on how to join the AA

Also yesterday I see that Amplify came up with this:

Enable DAO-Wide Voting to Elect Working Group Stewards [Withdrawn AIPs

Proposal Name: Enable DAO-Wide Voting to Elect Working Group Stewards Proposal Author: Governance Working Group Stewards: @Amplify, @tigerisfine, @AllCityBAYC Proposal Category: Process Abstract The Ape Assembly was established as a Governance Working Group initiative outlined in AIP-239 that aims to facilitate Working Group Steward elections. However, with only 30-40 active voters, the lack of participation raises concerns about the credibility those elections would carry. Currently, two Wo…

Good answer from SmartAPE in there:

Enable DAO-Wide Voting to Elect Working Group Stewards [Withdrawn AIPs

I could write a book (literally) on this. But I will refrain, and instead provide some insight. I mean, it's not as if anything we say here is going to make a difference either way when the odds are stacked against prosperity and progress. But at least we can go on the record, even if it's immaterial to the end result. LETS BEGIN Though the Ape Assembly discussion is fragmented across Discourse and Discord, the general consensus is that, the Ape Assembly (AA), has been an unmitigated failure. T…

But anyways…

What is the AA?

Announcing the $APE Assembly [Governance Working Group

](/c/announcements/governance-working-group/69)

GM ApeCoin! After the passing of AIP-239: Working Group Guidelines and the Governance Working Group Charter, a new Initiative within the scope of the Governance Working Group has been created called the $APE Assembly. The $APE

Assembly was formed to facilitate Steward elections for all Working Groups except for Governance. This shrewdness also gathers to discuss and address some of the more conceptual Meta-Governance issues facing our DAO. The criteria to join the $APE Assembly is below:

Looks like we must Elect Stewards for:

- Marketing & Communications Working Group

([@ssp1111](#))

- Metaverse Working Group

[AIP-245: Working Group Charter - Metaverse](#)

([@badteeth](#))

- Treasury Working Group

[AIP-242: Working Group Charter - Treasury](#)

([@moss](#))

I know badteeth has a post going for the Metaverse Working Group:

While the Ape Assembly works on the process for electing the three Metaverse Working Group Stewards I wanted to give anyone interested the chance to express their desire to participate and the opportunity to get to know each other better. We need as many great candidates as possible! Start by checking out the Metaverse Working Group AIP:

Then let me know if you have any questions. If you're interested in running for one of the three Steward positions available please leave a comment that inc…

And SmartAPE has started a list of people who are interested:

BAYC #9878 - suit

Anyways, let me put my suit on and here is what I believe needs to be done to move forward:

- We need clear and EASY TO UNDERSTAND

descriptions of what each of the 3 Working Groups mentioned above are.

(I love SeraStargirl's and Vulkan's graphics when it comes to visuals explaining things)

- Once descriptions are there. We need a list of fellow members who would be interested in becoming a part of each Working Group.

- Then they will each need an application of some sort so that we can decide via vote who will serve what Position/Role

- Then once this is done we continue to move forward from there and actually get this rolling…

Not sure how this works as I am new here

, but taking the initiative anyways and we move from there!

This is how I have done most things in my life and things have worked out great so far!

START THEN FIGURE OUT THE DETAILS AND MAKE THINGS WORK AFTER!

(Also, English is my second language so excuse any grammar mistakes
