Mike from Mixbytes(), a leading blockchain development and auditing company, is interested in joining LEGO as a LEGO Committee Member, with an interest in contributing to ongoing developments within blockchain security research.

Mike and Mixbytes() have worked in close collaboration with Lido since our inception, in the form of various audits as well as the development of Lido for KSM/DOT. He has a strong interest in Lido and the necessary qualifications and experience to contribute significant value towards the LEGO goals.

If proposal is passes:

- Mike will be added to LEGO Committee.

- Mike will be allocated an individual quarterly budget of 10,000 LDO out of LEGO's communal budget.

If proposal is rejected:

- No changes to the status quo.

Proposed LEGO Committee composition

If the proposal passes, the LEGO Committee will be expanded to include 12 individuals with a range of backgrounds and experience each responsible for a specific segment of Lido.
