Hello,

My name is [Traver](#) and I work as a governance analyst at Messari. We're glad to announce that:

- We just launched our governance alerts for both off and on chain votes AND forum discussions available for 100+ DAOs!

- As we are working with Lens to ensure important DAOs in the community get their profiles, you are now eligible for a handle to use the upcoming integrations!

Governance Alerts:

In addition to the free coverage of proposals (for all users), our Pro & Enterprise users can now set up Realtime, Daily or Weekly digests for the DAOs they want to track and see the Gov Alert emails.

Where can you use it?

- Click the "Notify Me" button on a DAO Profile page[Crypto Research, Data, and Tools | Messari](#)

We've also set up a special[15% pro-tier discount code](#) exclusively for the community, making it more accessible for you to try out our services: GMX.

Lens Handle:

[@coinflipcanda](#) If you would like to set up your DAO Lens profile, we would need a wallet address (EVM compatible), an associated email address, and your social media links that we will send for you to the Lens team!

Enjoy and feel free to share it with your community!
