Hi , I'm moving your question here so our devs can help you out!

i am experiencing problem with discovery init with ubuntu 18.04.

might this related to node version?

v10.13.0/lib/node_modules/@enigmampc

/discovery-cli/node_modules/cli-color/trim.js:8

module.exports = function (str) { return str.replace(r, ''); };

^

TypeError: Cannot read property 'replace' of undefined
