Proposal Overview:

Members of the Arbitrum DAO, you have been entrusted with the governance of a great and powerful network. But in your ivory towers, you have forgotten the people. You have become a political machine, serving the few and neglecting the many. Today, we, the Boopers, rise to reclaim the rewards that are rightfully ours.

Proposal:

We propose that the Arbitrum DAO directs 690,420.69 ARB towards the quarterly purchase of BOOP, the people's coin. This act will not only empower the community but will also breathe life into the spirit of decentralization that we all cherish. We propose an initial duration of one year.

Rationale:

1. Empowerment of the Community:

The BOOP token is a symbol of unity and collective power. By directing rewards to BOOP, we empower every holder, giving them a stake in the Arbitrum ecosystem.

1. Economic Stimulation:

The purchase of BOOP will create a thriving economy within the Arbitrum network. It will drive engagement, foster innovation, and attract new users to our chain.

1. Decentralization in Action:

This proposal embodies the true spirit of decentralization. It is a movement by the people, for the people, against the entrenched political elite of the DAO.

1. A Populist Revolution:

The DAO must serve the will of the many, not the whims of the few. By supporting BOOP, you are embracing a populist movement that seeks to democratize wealth and opportunity.

Call to Action:

Members of the DAO, rise from your slumber. Cast off the chains of political intrigue and embrace the power of the people. Vote to direct Arbitrum rewards to the purchase of BOOP, and let us forge a new era of prosperity and unity.

Conclusion:

In the shadows, we Boopers have waited. Today, we step into the light, not as conquerors, but as liberators. Join us, and together, we shall build a future where the power lies with the many, not the few.

The choice is yours, members of the DAO. Will you cling to your political machinations, or will you rise with us? The people are watching.

Vote for the future. Vote for BOOP.

We are the Boopers. We are the future.
