Hi –

I am reaching out to see if there is any way

to get a transaction reversed (sent back to my wallet).

I inadvertently (read: F'ed Up) and sent MEMO token to the Aave: Lending Pool 2 address by mistake.

AAVE Lending Pool 2 address: 0x8a47f74d1ee0e2edeb4f3a7e64ef3bd8e11d27c8

Is there any way

to have this sent back to me or is it gone forever??

On snowtrace.io:

SnowTrace: Avalanche C-Chain Blockchain Explorer

AVAX Transaction Hash (Txhash) Details | SnowTrace

AVAX (AVAX) detailed transaction info for txhash 0x0f0880ff31cbafb14ead9324ea149aa6fda684a4991164101d2ec6e0e697f122. The transaction status, block confirmation, gas fee, AVAX, and token transfer are shown.

I simply need the MEMO sent back to the same wallet address.

I am not sure if this is the appropriate place to look for some help. If not,

please let me know where I should direct my inquiries.
