How to Participate?

Decentralization is one of our core values, so we want to encourage participation as much as possible and in any way you can.

Improve the protocol

- Join us at our[Discourse forum](#)
- or[Discord server](#)
- to discuss all things related to Aztec and share your feedback

Contribute code

- Check out the monorepo on GitHub[here](#)
- We have some[good first issues](#)
- for newcomers
- Anyone can open an issue, so please feel free to create one
- If you've built something for the ecosystem that others should see, add it to the[Awesome-Aztec Repo](#)

Grants

- The Aztec Labs Grants Program supports developers building with, and contributing to, the Noir programming language and the Aztec network. Applications can submitted on the[Grants page](#)
- of the Aztec website.
- We are currently operating with a retroactive grants funding model, and we strive to respond back to grants applications with a decision within a few days. Check out our[grants page](#)
- for more information [Edit this page](#)
