Location: Rwanda Kigali Convention Centre Address: KG 2 Roundabout, Kigali

Date: August 1–2nd, 2023

Expectation:

Be a speaker at the event and speak on Blockchain and Securing Cryptocurrency alongside some notable individuals such as Director, National Security Council, Israel, Ambassador of Israel to Rwanda, Minister of ICT, Rwanda, CEO, Bank of Kigali, Rwanda, Head, Africa Cybercrime Operations Desk, Cybercrime Directorate, Interpol, Singapore, Vice President, Emerging Markets, Silicon Valley Bank, USA, and many others. List of speakers here: Speakers | Cybertech Africa 2023

Cybertech Africa will look ahead at the future cyber trends and developments that are expected in sectors such as Blockchain, agriculture, healthcare, finance, security, and more.

Secret Network can play a crucial role in addressing privacy concerns within various sectors discussed at Cybertech Africa:

Secret Network offers a privacy-focused solution that can address critical problems in various sectors. In agriculture, it enables the secure sharing of sensitive data, protecting proprietary information while fostering collaboration. In healthcare, we ensure patient privacy in data sharing for research and analytics. Financial sectors benefit from enhanced privacy and security for transactions and sensitive financial data. We also strengthen cybersecurity measures by enabling secure communication and private data storage.

By incorporating Secret Network Privacy as a Service, organizations prioritize privacy, data protection, and secure collaboration in an interconnected digital landscape.

Why should the community pay for this and not The Agency or Foundation?

By supporting Secret Network's participation, the community demonstrates its commitment to driving adoption, expanding the network's reach, and maximizing its impact in the industry. This opportunity aligns with the network's goals of promoting its capabilities, generating leads, and contributing to the long-term sustainability and success of Secret Network.

Cybertech will provide Secret Network with the following:

- Logo placement on the event's website as a media partner (Already added: Sponsor logos | Cybertech Africa 2023)

- Logo placement on event marketing materials as a media partner;

- Detailed event description and pre-event press release;

- Free media passes for representative(s).

Opportunities AT Cybertech Africa:

- Speaker on Blockchain and Securing Cryptocurrency: Highlighting how Secret Network takes a different approach

- Showcase Secret's cutting-edge technology: This provides an opportunity to attract VCs, builders, and partners who are specifically interested in exploring new technologies and advanced cybersecurity solutions on the Blockchain.

- Networking and Biz Dev Opportunity: Leverage the event's networking opportunities to connect with key stakeholders in the African cybersecurity ecosystem, including government officials, industry leaders, and VCs. Actively engage in business matching sessions facilitated by the event organizers to identify potential partnership opportunities and explore synergies with other participants, such as PAAS.

- Pitch Secret Network and dApps solving similar problems as Cyber Security.

- Help web2 firm onboard to Web3 leveraging Secret Tech

- Generate Leads

In summary, this is an excellent opportunity to connect, explore, pitch, and expose Secret to Speakers, Attendees, and other Cybertech firms to utilize Blockchain and Secret Network PAAS.

Overall, participating in Cybertech Africa 2023 can provide Secret Network with a platform to demonstrate its capabilities, establish valuable connections, gain market insights, and contribute to the cybersecurity ecosystem in Africa.
