Taiko Tuesday

is a community-driven bi-weekly newsletter covering the ins and outs of Taiko, a decentralized Ethereum-equivalent validity rollup.

Let's get into it!

Testnet status

- Total transactions: 3,676,697.

- Total blocks: 935,890.

- Average block time: 5.6 seconds.

- Total wallet addresses: 569,382.

- Total unique provers: 2,705.

- Total unique proposers: 6,116.

More stats: https://explorer.jolnir.taiko.xyz .

Development updates

You can follow the changelogs to see what's been happening in the Taiko development department. There are two changelogs: The [Taiko client](#) and the [Taiko-mono repository](#).

Community updates

- Taiko [partnered](#) with Aspecta to foster dev growth across the Taiko ecosystem.

- An [update](#) on how Jolnir has been doing since launching a month ago.

- Latest changelogs [released](#).

- Devconnect update: We're finalizing the last events and will soon post a thread with all of the events that the team will attend (around 15). In the meantime, here's a few that have already been announced:

- [zkDay](#) (Nov 13).

- [Epic ETH Infra Day](#) (Nov 15).

- [ZK Accelerate](#) (Nov 15).

- [IOSG Old Friends Reunion](#) (Nov 14).

- [L2Days](#) (Nov 14).

- [zkDay](#) (Nov 13).

- [Epic ETH Infra Day](#) (Nov 15).

- [ZK Accelerate](#) (Nov 15).

- [IOSG Old Friends Reunion](#) (Nov 14).

- [L2Days](#) (Nov 14).

Education updates

- ZKRC #15

Community Edition has been [posted](#).

- Brecht [posted](#) a new research post on booster rollups.

- Audio

- Taiko's Partnerships Manager Joaquin [participated](#) in a Twitter spaces titled ZK-Rollups and their role in enhancing security

.

  - [Tea with Taiko (2023-10-17)](#).

  - [Taiko Office Hours (2023-10-24)](#).

- Taiko's Partnerships Manager Joaquin [participated](#) in a Twitter spaces titled ZK-Rollups and their role in enhancing security

.

  - [Tea with Taiko (2023-10-17)](#).

  - [Taiko Office Hours (2023-10-24)](#).

- Video

- Daniel Wang did a [podcast](#) on type-1 ZK-EVMs and more.

- Daniel Wang did a [podcast](#) on type-1 ZK-EVMs and more.

- Rollup Term of the Week

- [Modular blockchain](#).

- [Escape hatch](#).
