The Robust Incentives Group is an Ethereum Foundation research team dedicated to the study of protocol mechanisms with the lens of game theory, mechanism design, crypto-economics, formal methods and data science.

Looking to expand your credentials and participate in Ethereum research?

Check out our current [RIG Open Problems (ROPs)](#)!

Watch all [Columbia Cryptoeconomics workshop (CCE) 2023](#)videos, for the latest academic and industry research on cryptoeconomics.

Watch all [ETHconomics 2](#)videos, a research gathering at Devconnect for all things Ethereum cryptoeconomics!

Subscribe to our [Robust communications](#), and receive a ~monthly summary of what we've been up to!
