Public Goods Stewards Documentation

The funding of public goods on Namada is conducted through an entity called the "public goods stewards". Each public goods steward is a multisignature account .

Each steward is elected by governance through separate governance proposals.

See the specs about the public goods funding here(opens in a new tab) for more details.

This documentation will cover:

1. How to become a public goods steward
2. .
3. How to submit a public goods funding proposal
4. How to vote on steward elections
5. as well as public goods funding proposals
6. .
