According to the [Special Voting Cycle #9a: Protocol Delegation Program proposal](#) the below protocols have qualified for the Protocol Delegation Program in Season 3.

There will be a recorded onboarding call on January 23rd at 19:00 GMT

to go over the requirements of the program (including proper delegate commitment guidelines) and to introduce protocols to the Optimism governance process.

The following 15 protocols have qualified based on gas fees generated in Season 2 and have opted-in to participate in Season 3 governance. 100% of the below protocols have opted-in to participate with the understanding that a 70% voting participation rate is required. 100% of the below protocols have agreed to abide by the delegate code of conduct.

Protocol name:

Uniswap

Protocol name:

Curve

Link to delegate commitment:

https://gov.optimism.io/t/delegate-commitments/235/201

Protocol name:

Clipper

Link to delegate commitment:

https://gov.optimism.io/t/delegate-commitments/235/200

Protocol name:

Odos

Link to delegate commitment:

https://gov.optimism.io/t/delegate-commitments/235/199

The following 8 protocols have been elected to participate in the program and will be required to properly upload delegate commitments before receiving delegation:

Protocol name:

ENS

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/20

Protocol name:

Thales

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/12

Protocol name:

Kwenta

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/18

Protocol name:

Lyra

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/19

Protocol name:

Paraswap

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/5

Protocol name:

Connext

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/14

Protocol name:

Polynomial

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/16

Protocol name:

dHEDGE

Link to self-nomination:

https://gov.optimism.io/t/protocol-delegation-self-nominations/4357/21

You can see the delegation amount each protocol will receive, according to the criteria outlined in the protocol delegation proposal
