If you use spreadsheets (Excel or Google Sheets) to manage your crypto portfolio, do check out Finsheet (finsheet. io

), a website my friends and I started recently. To get latest quote of Secret, use this one simple function:

=FS_Latest("HITBTC:SCRTUSDT")

If you are a trader that needs intra-day data to do technical analysis or backtesting, this function will give you 1-minute price of Secret from the beginning of today (04/25/2022) until now:

=FS_CryptoCandles("HITBTC:SCRTUSDT", "1", "04/25/2022")

The website is completely free right now since we just launched. Really appreciate if you guys can check it out and let me know any feedback you may have. Thanks a lot.
